- Kenlm : pre trained model — for oov
- Ravi K to give share his link for drive so that others can mount their drive for test data
- Book office hour with professor to see if we are on track or not.
- Evaluate AWS Sagemaker for get compute resource or buy credit from colab.
- We need to work on word level tokenisation . As of now, the model is detecting sentence level match.
- We have to submit proposal by Friday. One round of update done by Ravi K.
- We need to be ready with data loader part before this week's meeting with Mentor.
